YOU ARE NO LONGER REGISTERED AND CANNOT PRACTISE AS A MEDICAL IMAGING TECHNOLOGIST IN QUEENSLAND.

As your completed renewal form and fee were not received at this office, or you did not renew registration online by 30 June 2009, your registration has expired. It is a breach of the *Medical Radiation Technologists Registration Act 2001* for you to continue to practise in Queensland.

You cannot practise until restoration is approved.

You are not required to return this form if you do not intend to practise in Queensland. **To restore** your registration you must read, complete and return this form with the prescribed payment amount in the enclosed envelope, to be received at this office no later than 30 September 2009.

Restoration is effective:

- from the date the restoration is approved and cannot be backdated; and
- to the last day of the current registration period (that is, 30 June 2010).

You can check your registration online at www.mrtboard.qld.gov.au under Check Registration. Select the register, enter your last name (first name optional), select Search and, from search results, select your name to view details, including registration status.

After 30 September 2009 the Act does not provide the Board with discretion to restore registration. If you wish to resume practice in Queensland after this date:

- you will need to make a fresh application to the Board for registration; and
