

MEDICAL RADIATION TECHNOLOGISTS BOARD OF QUEENSLAND

MRTB Awards 2009 – 2011

Medical Radiation Technologists
Board of Queensland

1. Research Grant to the value of \$10,000 awarded to Mr Matthew Gordon and Ms Carron Devaney for the project *To evaluate if timely notification of radiographer described abnormalities improves patient outcomes and clinician satisfaction within Queensland Health Emergency setting.*

Awarded 2009

Report submitted 2010

[Executive Summary](#)

2. Research Implementation Grant to the value of \$15,959.00 awarded to Ms Jillian Becker for the project *Implementation of a feedback and development resource – radiation therapy;*

Awarded 2009

Report submitted 2010

3. Elizabeth Brown – Scholarship grant (\$5,000) and Research Grant Program (\$10,000) – *Biologically guided adaptive radiotherapy treatment planning for virally mediated head and neck cancer;*

Awarded 2010

Scholarship grant expended

Report to be submitted 2012

4. Kurt Burrows – Research Grant Program (\$8,000)

- *Mechanical replication of clinical forces on thermoplastic masks in radiation therapy*

Awarded 2010

Report to be submitted 2012

5. Michael Neep – Research Grant Program (\$10,000)

- *Comparisons of the effectiveness of two types of X-Ray image interpretation education delivery methods; intensive training versus regular tutorials over 3 months.*

Awarded 2010

Report to be submitted 2012

6. Tim Deegan – Research Grant Program (\$10,000)

The role of core beam CT in prostate radiation therapy

Awarded 2010

Report to be submitted 2012
